

PMK8701: Transparent Contemporary Stackable Bar Stool

The transparent contemporary PMK 8701 Bar stool is the essence of modern. Ghostly clear, thanks to single mold polycarbonate construction. Outfit your modern indoor or outdoor dining area with this transparent polycarbonate stackable stool with a drain hole seat.

The raised, drain hole seat is easy to clean and ensures guests are at a comfortable height to enjoy your signature drinks, appetizers, entrees, and desserts. The transparent finish will lighten up any room and provide sophistication to your kitchen, bar, game room or restaurant.

With the added benefit of being able to stack, it provides the perfect type of seating when wanting a clutter free floor.
